

A Powerful System to Guard Against Errors and Fraudulent Billing

Program Perks

- Industry's most comprehensive fraud detection and code editing system
- Vigilant claim review and negotiation for focus areas and trigger points
- Saving clients an average of over 46% on billed charges, by claim

How Does It Work?

The most comprehensive and far-reaching fraud protection and code editing program in the industry, **ARGUS Claim Review** – a division of Cypress Benefit Administrators – guards against costly billing errors and claim system deficiencies.

Why Does It Work?

As the United States Department of Health & Human Services reports, there is over \$700 billion dollars worth of waste in healthcare annually. To keep our clients from becoming part of this growing statistic, we've instituted the most all-encompassing fraud protection system available with **ARGUS Claim Review**. Named after Greek Mythology's 100-eyed guardian who never sleeps, this groundbreaking program is constantly on the lookout for claim errors and vigilant in its efforts to catch and correct them.
