

### ***Ensuring the Best Pharmacy Services at the Very Best Price***

#### **Program Perks**

- Prescription savings of up to 85%
- Flexible, wide-ranging options in pharmacy partner selection
- Ensuring the best prescription discounts and pharmacy services at the best overall price

#### ***How Does It Work?***

Cypress Benefit Administrators works with a variety of pharmacy benefit management organizations – including Restat, Express Scripts, Partners RX and Caremark – to ensure that employers are getting the best possible discounts, access and service at the best possible price. Our innovative **Prescription Cost Management** program also includes a unique **On-Line Pharmacy Auction Program** that can save consumers up to 85% on prescription costs.

#### ***Why Does It Work?***

With pharmacy expenses amounting to nearly 20% of benefit programs, managing these costs effectively depends largely on pairing each company with the right plan design and benefit manager. Combining the stability of traditional prescription benefits with information- and cost-based decision-making of the future, our **on-line pharmacy auction program** is another revolutionary approach to controlling drug costs by arming consumers with the information needed and options available in purchasing the most cost-effective prescriptions.
